

Drain Cleaner and Tips:

- Mix 1 cup salt, baking soda, and white vinegar. Dump down drain. Follow with 2 quarts of boiling water down drain.
- Mix $\frac{1}{4}$ cup ammonia and 1 quart boiling water. Pour down drain every 4 months
- Mix 5 tablespoons baking soda with 1 quart white vinegar. Pour down drain and let sit in drain overnight. In morning, rinse with hot water.
- Anytime you put greasy stuff down the drain, follow it with boiling water to keep it from collecting in the drain.
